Black colloid

您是否为以下而烦恼？

Are you worried about the following?

1. 操作繁琐需要工具 2. 不环保危害健康 3. 发白发黄发硬 4. 不防水 5. 粘接不牢固 6. 害怕粘手伤手 7. 气味大

操作繁琐需要工具

Protect palmar vein recognition

不环保危害健康

Protect palmar vein recognition

发白发黄发硬

White, yellow and hard hair

不防水

Protect palmar vein recognition

粘接不牢固

Protect palmar vein recognition

害怕粘手伤手

Protect palmar vein recognition

气味大

Protect palmar vein recognition

**COLD-RESISTANT
TEMPERATURE RESISTANCE**

强耐抗寒耐温

TEMPERATURE RANGE

高强力 强防水 WATERPROOF GLUE

手机为电子产品
本身不具有防水功能
粘接防水只针对粘接位不易渗水

Mobile phones are electronic products
It has no waterproof function
The adhesive waterproof is only for the
bonding position, which is not easy to seep

The image shows a hand holding a black liquid droplet that has just been dispensed from a syringe-like applicator. The applicator has a blue plunger and a needle-like tip. The liquid is black and viscous, forming a large droplet on the palm. The background is a dark blue gradient. The text 'MECHANIC' is visible on the applicator's body, along with the tagline 'SHOW THE STYLE OF MASTER'.

NO HAND INJURY
针头出胶快捷
胶液不伤手

胶体黑色，无刺激气味
Colloidal black, no pungent smell

不发白不发黄
要粘度更要美观
NO WHITENING NO YELLOWING
