Features

Desktop Computer Power Cord Connects PCs, Printers, Monitors and Other EquipmentThis computer power supply cable is designed for home/office desktop computer applications. You can use it to connect a computer, monitor, printer, scanner or other device with a C14 power inlet to an AC wall outlet, surge protector, UPS system or PDU. The three-foot length helps reduce cable clutter and minimize the risk of tripping. Note: This cord is not for use in European markets.

Right-Angle PC Power Cable Is Easier to Connect in Tight SpacesThe angled NEMA 5-15P connector makes installations easier in confined spaces, such as the back of a rack enclosure cabinet.
