See Accessories section for mounting rails, end brackets, test taps, additional marking material and accessories.								

Note: Part numbers shown are for a single card of pre-printed tags numbered 1-50.
For additional information, see Accessories section.

See Accessories section for mounting rails, end brackets, test taps, additional marking material and accessories.

*The WAP can be used only in conjunction with the WAH.

In the event that no conductor is connected, it ensures shock protection in the connection area.

††See Appendix pages 250-255 for additional information.
