801-007 and 801-008 Ordering Information

Supplied with crimp contacts, packaged separately. Terminate contacts with standard M22520 tools. Metal clips inside the connector body lock contact into place. Contacts are removable. Fluorosilicone seals and rear grommet protect connector from water ingress. Terminate cable shield directly to band platform with Band-Master™ ATS strap or choose rear accessory thread to attach optional cable clamp or backshell.
