LED machine light, 24 V DC, emission angle (vertical/Horizontal): 95 °/105 °, length: 196 mm, degree of protection: IP67, can be swiveled, including mounting accessories

Product description

This LED machine light is designed to provide illumination inside or on machinery. Due to the narrow design, it can be mounted even where space is at a premium. In the light holder supplied, the light can swivel and the lighting can therefore be optimally aligned. The satin-finished plastic cover prevents glare for the machine operator.

Your advantages

- · Narrow design enables mounting even in confined spaces
- · Ready to connect by means of punched-on 3 m supply line
- · Focused illumination, thanks to swivel action
- · IP67 protection enables use even in wet environments
- ETL approval permits use on the North American market
- Particularly economical thanks to energy-efficient LED technology and an LED service life of at least 50000 h
