### GK2YAR-PD8WJG0-000L

### ODU AMC®

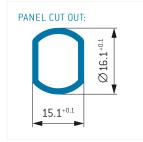

# Receptacle for rear panel mounting

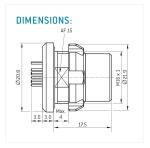

### **General information**

| Part number       | GK2YAR-PD8WJG0-000L    |   |
|-------------------|------------------------|---|
| Termination       | Solder                 |   |
| Size              | 2                      |   |
| Locking principle | Break-Away , Push-Pull | Westertians may differ from existing and use  |
| Coding            | A (light brown)        | Illustrations may differ from original product.<br>Dimensions, unless otherwise specified, in mm. |
| Cable Diameter    | 5 – 10.0 mm            |   |

The pin layout corresponds to the view on the termination area

# **Contact insert description**

| Number of contacts   | 8                    |
|----------------------|----------------------|
| Contact type         | Sockets              |
| Contact diameter     | 0.9 mm               |
| Insulator material   | PEEK                 |
| Wire cross section   | AWG 22               |
| Termination          | Solder               |
| Termination diameter | 0.85 mm              |
| Data transmission    | Ethernet (10 Gbit/s) |

Reverse gender on request

# Connection diagram

| Pos. | Color       | Pos. | Color      |
|------|-------------|------|------------|
| 1    | white/green | 5    | white/blue |
| 2    | green       | 6    | blue       |
| 3    | white/brown | 7    | white/red  |
| 4    | brown       | 8    | red        |

### **Technical information**

| Nominal current single contact | 10 A      | IEC 60512-5-2:2002 (DIN EN 60512-5-2:2003) |
|--------------------------------|-----------|--|
| Nominal current insert         | 6,5 A     | VDE 0298-4:2003                            |
| Test voltage                   | 1.5 kV AC | EIA-364-20F:2019-02                        |

All shown connectors are rated to a safety extra low voltage (SELV) of less than 50 V AC / 75 V DC, according to IEC 61140:2016 (VDE 0140-1:2016) Protection against electric shock - Common aspects for installation and equipment. In case other standards rule a specific use of the connector, the application specific safety criteria shall be considered first. In this context, lower voltage ratings may be valid. Warning: Danger to life for operating voltages above 50 V AC / 120 V DC!

### Mechanical and environmental data

| Degree of protection* | IP6K8 / IP6K9K  |
|-----------------------|-----------------|
| Operating temperature | -51 °C − 125 °C |
| Mating cycles         | 5000            |

<sup>\*</sup>mated condition

#### Material and surface treatments

| Housing | Cu-alloy with ruthenium finish |
|---------|--------------------------------|
| Contact | Cu-alloy with gold finish      |

All shown connectors are defined without breaking capacity (COC) according to IEC 61984:2008 (VDE 0627:2009). The contact arrangement of an ODU data transmission connector differs from a standard data transmission connector due to the robust ODU specific design. However, the ODU design meets the electrical specifications of the respective standard data transmission protocol.

ODU MEDI-SNAP® and MINI-SNAP® are UL-approved [E110586].

ODU reserves the right to make changes based on the current state of knowledge without prior notice without being obliged to provide replacement deliveries or refinements of older designs.
