

NetKey™ Modular Furniture Faceplates (Standard openings)

PANDUIT®

DATA SHEET

specifications

Modular furniture faceplates shall be available in 4 ports and shall have a flat design with and without labeling. Faceplate shall mount to standard furniture openings and shall accept any NetKey™ Keystone module.

technical information

Mounting options: Standard sizes have industry standard opening 1.345" - 1.405" (H) x 2.67" - 2.75" (W), maximum panel thickness of 0.09"

key features and benefits

Modular flat design	Accepts all NetKey™ modules. Compatible with the modular furniture faceplate extender
Bend radius control	Bend radius can be protected or improved by using faceplate extender which will add 0.05" to the in-wall depth

applications

Furniture faceplates are used in work areas with modular furniture which have the standard furniture outlet opening.

Faceplate extender can be used to increase the space behind the furniture faceplate by 0.5".
