Specifications

Item	Performance characteristics
Power Rating	0.063 W
Chip Size (LxW)	3.2 X 1.6 mm
Resistance Values	33 Ohm
Resistance Tolerance	2 %
Packaging	Punched (Paper) Taping
Terminal Pitch	0.8 mm
Type of Circuit	Isolated Circuit
Number of Elements	4 pcs.
T.C.R	+/-200 ppm/Cel
Number of Terminals	8 pcs.

Parts Inventory

No inventory found

The service is owned, operated, controlled and managed by Panasonic's distributors.
For pricing, delivery and technical questions related to this service, please direct to them.
Panasonic assumes no responsibility for any dealings you may have with distributors.
