Tube Guitar Amplifier - Chokes 194 Series

REPLACEMENT & UPGRADES

Features

- · Designed for drop in replacement of original units.
- Physically, parts were designed to look similar to original factory units (where possible).
- Inductances measured at rated D.C. current.
- Material used & design specs. were kept as close as possible to the original part to preserve the stock "tone".
- · Units are vacuum impregnated with polyurethane varnish for quiet and long life operation
- "Click" on thumbnail photos below for a full size photo of each part.
