

****China Edition Only!!****

Alumina Ceramic Soldering iron heating element features high power, fast warm up.

CCC Certified wires.

Soldering iron handle is ergonomically designed for ease and comfort.

Control IC modular design for easy and quick repair.

Spec.

Input Voltage	220-240V~
Power Consumption	60W
Temperature	200°C~480°C
Plug Type	H
Heating Element	AC 24V
Replacement Heater	9SS-936-HT
Replacement Tips	5SI-216N Series
Dimension	160mm*115mm*93mm
Weight	1.2kg
