## TECHNICAL DETAILS

### Mechanics

|                   |                                                          |
|-------------------|----------------------------------------------------------|
| Shell Style/Model | GMA*: Bend relief Yellow                                 |
| Keying            | No keying                                                |
| Housing Material  | Thermoplastic polyurethane elastomer (Elastollan 1185 A) |
| Variant           | J : Yellow                                               |
| Weight            | 5.19 g                                                   |

### Performance

|               |              |
|---------------|--------------|
| Configuration |              |
| Insulator     | J: PEEK/PEEK |
| Rated Current |              |

### Others

Temp (min / max): -40°C / +80°C
