Figure 1: Schematic diagram of the experimental setup. The diagram illustrates a cross-section of a combustion system. On the left, four vertical channels, each containing a flame, are connected to a horizontal duct. This duct leads to a vertical stack of four horizontal tubes. A vertical line marks the 'LEVEL 1' or 'Ebene 1'. To the right of this line, the four tubes converge into a single point labeled 'A'. A dimension line at the bottom indicates a distance of 5.3 ± 0.1 from the vertical line to the convergence point.
