

## Features

- Compact
- Spur Gearbox
- Ratio's available 40:1 – 2560:1
- All metal
- Suitable to fit most small DC motors.

## RS PRO Compact Spur Gearbox

RS Stock No.: 336242 440537 336258 336264  
336270 336286

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

- High quality ovoid reduction gearboxes of similar construction to the synchronous gearboxes. A double-ended Ø4mm output shaft is fitted in order to accommodate a servo potentiometer mounting kit and conductive plastic potentiometers, when used in positional servo applications. Alternatively, the gearbox and precision dc motor combination can be employed in low inertia speed control systems.*
