

Technical drawing of a mechanical part. A surface texture symbol is shown on the left, consisting of a semi-circle and the value 0.10. A dimension line at the bottom indicates a width of 5.20 ± 0.1 .

A technical drawing of a mechanical assembly, likely a pump or motor component, showing a cross-section. The drawing includes three vertical dimension lines on the right side, labeled H, H1, and H3. Dimension H is the total height of the assembly. Dimension H1 is the height of the main body. Dimension H3 is the height of the upper section. The assembly consists of a main body (H1) and an upper section (H3) which is connected to a top flange (H2). The main body has a central shaft with a pulley or impeller. The upper section has a central shaft with a pulley or impeller. The drawing is a black and white line drawing with hatching for shading.
