

Connectors > Rectangular Connectors > Connector Contacts

Contact Type: **Pin**  
Contact Mating Area Plating Material: **Silver**  
Wire Contact Termination Area Plating Material: **Silver**  
Wire Size: **1.5 mm<sup>2</sup>**

Features

Product Type Features

|                                   |                   |
|-----------------------------------|-------------------|
| Discrete Wire Type                | Solid or Stranded |
| Sealable                          | No                |
| Connector & Contact Terminates To | Wire & Cable      |

Contact Features

|                                                |              |
|------------------------------------------------|--------------|
| Contact Mating Area Plating Material Finish    | Bright       |
| Contact Underplating Material                  | Copper       |
| Contact Type                                   | Pin          |
| Contact Mating Area Plating Material           | Silver       |
| Wire Contact Termination Area Plating Material | Silver       |
| Contact Base Material                          | Copper Alloy |
| Contact Current Rating (Max)                   | 40 A         |

Termination Features

|                                    |       |
|------------------------------------|-------|
| Termination Method to Wire & Cable | Crimp |
|------------------------------------|-------|

Dimensions

|           |                     |
|-----------|---------------------|
| Wire Size | 1.5 mm <sup>2</sup> |
|-----------|---------------------|

Operation/Application

|                                    |                |
|------------------------------------|----------------|
| Compatible With Wire Base Material | Copper         |
| Circuit Application                | Power & Signal |

| Halogen Content                               | Low Halogen - Br, Cl, F, I < 900 ppm per homogenous material. Also BFR/CFR/PVC Free                                                                                                                                                                                                                                                                                                                                            |
| Solder Process Capability                     | Not reviewed for solder process capability                                                                                                                                                                                                                                                                                                                                                                                     |

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulation, the information TE provides on SVHC in articles for this part number is based on the latest European Chemicals Agency (ECHA) 'Guidance on requirements for substances in articles' posted at this URL: <https://echa.europa.eu/guidance-documents/guidance-on-reach>
